

AMERICAN PRECISION MUSEUM

Volunteer Position: Social Ambassador

Thank you for your interest in being a Social Ambassador!

We hope Social Ambassadors will:

- Appreciate the museum and be willing to tell people about it!
- Keep an eye and ear out for great stories that fellow museum fans would appreciate (Such as cool machines, innovative techniques, news about present-day manufacturing & machine tools or future predictions)
- Follow, fan, and like the organization on whichever social media platforms you use
- Share APM content once per month – you could retweet, share a post, share a link, forward the newsletter, use a quote
- Share at least one Giving Tuesday post
- Invite others in your network to become involved.
- Share ideas & feedback!

This kind of work will:

- Help more people experience the museum digitally!
- Increase our network of fans, visitors, donors, and members
- Add up to an hour per week.

And as a thank you, we offer you:

- APM Volunteers receive 20% off in the gift shop
- Complimentary family membership each year you volunteer
- Behind-the-scenes tours
- Baseball cap

We will also present you a certificate of hours worked, if you'd like it!
