

Pivot Assembly Task Cards

- **Each Pivot is made from:**
 - 2 1" circles
 - 1 dowel
- **You will also need:**
 - Glue, glue cup, and paintbrush
 - Tape
 - Scissors (*not included in kit*)

Pivot Assembly

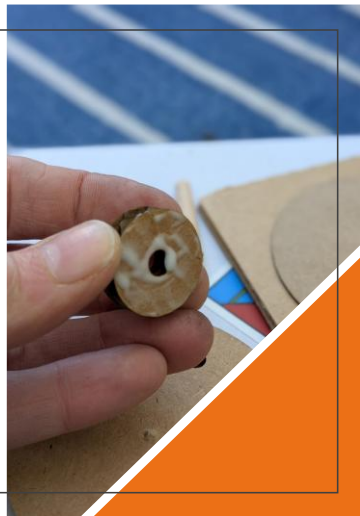

Inspect all parts.
Poke out any cardboard left in the small
laser-cut holes.
Smooth any rough edges.

Task assigned to: _____

Pivot Assembly

Use the paint brush to apply a thin
layer of glue that covers one side of
one 1" circle.
Glue the 2 circles together

Task assigned to: _____

Pivot Assembly

Let the pivot dry

Task assigned to: _____

Pivot Assembly

Cut a piece of tape between $\frac{1}{2}$ " and $\frac{3}{4}$ " long and place over the hole on one circle.

Quality Control: The tape must be cut to the correct size and completely cover the hole.

Tape may not extend over the edge of the circle.

Task assigned to: _____

Pivot Assembly

Glue a dowel through the circles.

Quality Control: Do not let the dowel poke through the tape on the bottom of the circle

Task assigned to: _____
